 - North wing of ATC to hold classes – eliminate, not for many years to come, it's a dream not yet a fact.
 - ATC curriculum is changing to test and review everything the students learn throughout the duration of their programs.
 - Aviation schools are fairly new still and ATC is one of the best in the country and a great school to be at.
 - With that said, there are still things lacking and room for improvement.
- ATC Grad
 - BCIT is in the process of moving all ATC graduation ceremonies to the Burnaby campus.
 - Grades are being processed in time for graduation every two months and more mistakes are made when the process is rushed.
