Consent- an active, direct, voluntary, and conscious choice and agreement to engage in sexual activity. It is the responsibility of the initiator of sexual activity to obtain consent at all stages of sexual engagement. Consent:

- Is an enthusiastic and ongoing “yes”, NOT the silence or absence of “no”
- Cannot be assumed or implied
- Can be revoked at any time, whatever other sexual activities have taken place
- Cannot be given by an individual who is incapacitated by alcohol, drugs, or some other reason, &/or who is unconscious, or otherwise incapable of providing consent
- Can never be obtained through an abuse of power, threats, intimidation, coercion, or other pressure tactics, and
- Cannot be assumed from previous consent to similar activities

Sexual Assault- unwanted contact of a physical nature without consent.

- Can include any form of unwanted sexual activity including, but not limited to, kissing, touching, oral sex, etc.
- Can occur between a spouse, friend, boyfriend/girlfriend, or stranger
- Affects people from all walks of life, all genders, and all ages

Relationship & Dating Abuse- pattern of abusive behaviors that work to exert power and control over an intimate partner; can happen in any type of relationship (marriage, common law couples, or boyfriends/girlfriends). Includes, but not limited to:

- Sexual abuse
- Physical abuse
- Psychological/emotional abuse

- Financial abuse (withholding financial support over someone who is dependent)
- Spiritual abuse (control, manipulation, or domination from a spiritual aspect)
- Digital abuse (social media, email, text)

Sexual Harassment- any unwanted sexual communication or attention that is offensive, intimidating, or humiliating

- Can be verbal, written, or visual
- Includes unwanted attention, demands, or pattern of “jokes”

Criminal Harassment & Stalking- criminal offense that involves repeatedly following or communicating with someone, OR monitoring their actions over a period of time.

- With the result that they have reasonable fear for their own safety
- Includes communication and monitoring over text

In the example provided when someone receives unwanted attention due to catcalling from someone driving by, an intervention would be to approach the one receiving the unwanted attention and provide them with support. Doing something (even if it's small) is better than doing nothing at all.
