

BCIT Student Association
BMC Class Rep Meeting #3
Tuesday, March 21st, 2017
11:30-12:30

Guest Appearance: Cadet Stephen Vermeer
Returning Set Rep: Chris, Cassandra and Ellen

1. Meeting called to order

2. FOOD

3. Campus Discussion

- 3rd year nautical sciences are experiencing difficulty with their program – sea time and transport Canada.
- No feedback from teacher – Engineering students, “don’t worry you will all pass”. Students are becoming the instructor reminding their teacher that they have exams, assignments, quizzes.
- No marks are updated – D2L is not updated or uploaded at this campus for engineering students.
- Learning more from a book than their instructors – slides are read, or reread the next day, most slides don’t match the book, students are misled with topics and information for study materials.
- Hand sanitizer is needed on campus. Have contacted the SA to provide feedback at the Health and Safety meeting.

- Due to influx of the industry it has been difficult for students to get placements. BCIT's requirements are 12 months and most companies only require 4 months per intern.
- BCIT Cadets past and present – Facebook group! Become part of it!– Chris is the Admin.
- International ticket for nautical sciences is an issue. Transport Canada is in the midst of developing their program which leaves the students out of luck. The class is looking into taking the course in Seattle but will need to pay for the course, accommodation etc.

4. Upcoming events/meetings. Anything from Andrea

-Services: Advocacy, health and dental plan, health and wellness,entrepreneurial services, events (events calendar) clubs, Geared up

-Students have requested a year end BBQ and breakfast days.

5. Meeting Adjourned

6. Next meeting: This meeting is Mandatory BCIT staff will be attending this training session with us all.

2017-04-18	11:00 – 12:00	BCIT - Bystander Training (11:00-12:00)
