Faculty Advisors are meant to assist clubs in running their clubs, not run the club for them.

Resources Available for Clubs

Funding Available

As a BCIT Club Faculty Advisor, you may also be asked to help clubs find funding for upcoming events, competitions, conferences or general promotion. Currently, there are well-defined funding sources from the Student Association for student groups who initiate events that benefit student life and for individual students who pursue professional development opportunities. Note that additional funding may be available through the various schools at BCIT, and that each school will manage its own funding application process.

- **Club Event Funding**

- \$25,500 (excludes conferences and competitions)**

- The BCITSA has set aside funding to help fund student club events. There is an application deadline each month, and clubs are instructed to pre-emptively apply for funding. Event funding can be used for catering, venue booking, marketing for events and thank you gifts for speakers. Event Funding cannot be used for alcohol, executive- only events, team-building activities or payment of speakers.

- **Student Initiative Fund**

- \$15,000 (jointly funded through BCITSA and BCIT; excludes events and competitions)**

- This funding is open to all students at BCIT, not just clubs. It is designed to offer financial support to initiatives that enhance students experience and further professional development.

Online Workshops

The BCITSA Club Program Coordinator has created several online microlearning workshops to help train and educate club leaders. These workshops are short and easy to complete and are available by request through the Clubs Coordinator. If you or a club member wants access, please email or call the Clubs Coordinator. Below are the topics that are covered in the online workshops:

[A Guide to Sponsorship](#)

Sponsorship is an excellent way for student clubs to partner up with companies or organizations that have common goals and objectives. Students can also gain a lot of good experience and knowledge through the process of obtaining sponsors. After completing this online microlearning module, you will be able to describe what sponsorship is and have the knowledge to research, contact and secure sponsors for your club.

[AGM 101](#)

All general and designated clubs are required to hold a minimum of one Annual General Meeting per fiscal year. By the end of this short online workshop you will be able to describe the purpose of an AGM and the importance of BCITSA clubs hosting one, create an agenda, develop clear and concise meeting minutes and overall be able to prepare and plan an AGM from start to finish.
