

The Set Rep Program is a forum for students to connect, provide input, and advocate for student concerns.

## What you do as a Set Rep:

### 1. Connect with your Set and peers

- Keep your set up-to-date on the happenings of the BCITSA and greater BCIT community
- Communicate what is going well in your set which can help your peers in other sets and programs
- Optionally, be the class resource – plan social events, keep dates organized, it's flexible to what you want to do!

### 2. Attend 2 meetings per term

- 1 hour; dates and locations will be directly communicated to you through your Chair
- Report back to your set on relevant items or actions brought up during the meetings.

### 3. Field concerns & bring up ideas

- Gather any issues or ideas from students or instructors
- Address concerns with the help of your Chair to improve the student experience
- Pass on any feedback or issues to a Student Executive or BCITSA Wellness Advocate

## What you get:

### Training & Social Opportunities

We want to give you the skills not only to aid your set, but also to add to your personal skills and resume. There will be different sessions throughout the year which you will have an opportunity to attend. Suggestions for training ideas are always welcome; please let your Chair know.

### Leadership experience

Your role as a Set Rep will give you practical leadership experience as you fulfill your responsibilities. You will represent a group of people within a large organization, bring concerns forward, act as a first point of contact for student concerns, and you will take the lead in talking with your instructors, Program Head, and Dean and/or Associate Dean should the need arise.

### Distinguished set rep awards

\$500 is awarded to the most active and influential Set Rep from each School, as decided by a committee. Application forms will be available on our website in March.
