

February 4, 2025

Dear BCIT Leadership Team,

The BCITSA is deeply concerned by BCIT's decision to proceed with in-person learning activities today. Many students have expressed to us their worries about safety in attending campus in the current weather conditions. All other major institutions have suspended in-person learning on the basis of these issues, as have a number of construction sites. It is our view that in the interest of student safety, BCIT must reconsider its decision to remain open today.

Sincerely,

Sameer Ismail
Interim Co-Executive Director

Roland Gagel
Interim Co-Executive Director
